Aarav Sharma

Bengaluru, India | aarav.sharma@example.com | +91 90000 00000

PROFILE

Final-year Artificial Intelligence and Machine Learning student interested in machine learning, data analysis and NLP applications. Built academic projects using Python and standard ML libraries.

EDUCATION

B.E. Artificial Intelligence and Machine Learning
Example Institute of Technology | 2023–2027

TECHNICAL SKILLS

Python, SQL, machine learning, data analysis, pandas, NumPy, scikit-learn, Git, HTML, CSS, problem solving, communication

PROJECTS

Student Performance Prediction
Cleaned tabular datasets using pandas and NumPy, performed exploratory data analysis, and trained machine learning models using scikit-learn. Evaluated model performance using classification metrics.

Career Guidance Chatbot
Created a Python prototype that processes user queries and returns structured guidance. Explored natural language processing concepts and prompt design.

EXPERIENCE

Academic project experience; collaborated in a small student team, documented implementation steps, and presented project outcomes.

COURSEWORK

Data Structures, Database Management Systems, Operating Systems, Computer Networks, Machine Learning, Natural Language Processing
